

Nassau County Youth Football League

Members' School Districts

The following are the designated home school districts for members of the NCYFL. No member may register a player who resides in another member's home school district. Please refer to Rule 2.5 of the Playing Rules for a detailed explanation of residency requirements. If a player attends a private school, his home district is the one he would attend if he were attending public school. All players not residing in the listed districts are "free agents" and may register with any member, subject to the provisions of Rule 2.5.
